> ABOUT

The Benetti B.Yond 37M is a luxurious motor yacht designed for long-range cruising and exploration. It measures 37 meters (121 feet) in length and features a sleek and modern exterior design by Stefano Righini, while the interior was created by Italian designer, Enrico Gobbi.

One of the most unique features of the B.Yond 37M is its advanced E-mode hybrid propulsion system by Siemens Energy, which combines traditional diesel engines with an electric motor and battery bank. This allows the yacht to operate in hybrid mode, using the electric motor alone for silent and emissions-free cruising, or in diesel mode for longer range and higher speeds.

The interior of the yacht is spacious and elegant, with plenty of natural light and high-end finishes throughout. It can accommodate up to 10 guests in five luxurious cabins, including a full-beam master suite located on the main deck. Other features include a large main salon, a formal dining area, and a well-equipped galley.

Outside, the B. Yond 37M offers ample deck space for relaxing and entertaining, with a large sundeck complete with a Jacuzzi, a wet bar, and plenty of seating and sun loungers. There's also a spacious beach club area at the stern of the yacht, complete with a swim platform and a variety of water toys.

Overall, the Benetti B. Yond 37M is a sophisticated and versatile motor yacht that offers exceptional comfort, performance, and style, making it a great choice for those looking to explore the world in luxury and comfort.
