## > ABOUT

It's difficult to find a luxury cruising yacht on today's brokerage market that has the same level of quality construction, performance, and popularity as a Princess in the 50-to-60 foot range. It was just three years ago that the newest version of the Princess F55 made its debut and promptly won at the Motor Boat Awards for 'Flybridge Yachts Up To 60 Feet'. At the time, the MBY judges remarked that the Princess F55 was the most "well-rounded boat on the market" thanks to its spacious exterior social areas and comfortable interior accommodations.

Nord Star Superyachts and sales professional Denis Khamzatov are pleased to present ANASTASIA to the brokerage market. This 2018 Princess 55 is a stunning example of one of the most sought-after models in the British shipyard's range. "Anastasia" offers a truly tranquil environment for its owners," says Denis. "The joy of owning a boat like this is the ability to confidently control it with just you and your significant other on board. It gives you the freedom to explore while keeping you safe and comfortable at all times."

The yacht is available for viewing by appointment.
