YEAR:
2010

ASKING PRICE:
€ 1 099 000
incl. VAT

> ABOUT

This 24 m luxury motor yacht was built in 2010 by Van der Heijden at their Waalwijk shipyard in The Netherlands.

With a beam of almost 6 m and a draft of 1.4 m, she reaches a maximum speed of 25 knots. The motor yacht can accommodate 8 guests in 4 cabins, and 2 crew.

The planning steel hull of the yacht easily cuts steep waves, and the luxurious aluminum superstructure of this fast-displacement motor yacht offers guests plenty of light and space. The spacious upper deck has a flybridge and a dining table that offers seating for up to 8 people. There is a tender on the lowering swimming platform.

The spacious saloon is accessible from the cozy aft deck, through the aft doors that can open fully to increase space. The saloon has room for up to 8 people at the dining table. The entertainment system here is represented by a flat TV panel with a mini-lift that allows you to hide it in a separate niche, Hi-Fi radio, multimedia players with surround sound system. The special atmosphere of coziness is created by floor lighting and air conditioning. The open space plan combines the saloon with the galley and cockpit.

The owner's cabin is equipped with a King-size bed, a deep wardrobe and an en-suite bathroom. Natural light inside the cabin is provided by opening portholes with mosquito nets, which complement the artificial lighting in the form of LED-lights.

The bow part of the yacht features a VIP cabin, with an en-suite bathroom. The other two cabins are equipped with wardrobes, air conditioners, bathroom.

KEY FEATURES:

- Refit in 2024
- 4 guest cabins
- VAT paid
- Steel hull
