> ABOUT

With her original and modern design, the Azimut Grande 36M is a Superyacht that synthesizes cutting edge style and attitude. From the unprecedented semi-walkaround upper deck inspiring freedom of movement to the fully retractable side windows posing a special gateway to the sea, all elements contribute to visually blend interior and exterior spaces.

Using GRP for the highly efficient D2P – Displacement to Planing® hull and Carbon Fiber for the superstructure, with the skills of Alberto Mancini (exteriors) and Achille Salvagni (interiors) responsible for the design of this forward-thinking Trideck yacht, this latest addition to the Grande Collection family was undoubtedly created by internationally renowned designers.

With the AZIMUT GRANDE 36M, Azimut introduced the first semi-walkaround upper deck that runs flush from the stern to almost the extreme bow, offering unprecedented freedom of movement. The side windows are fully retractable, joining the skylounge with the aft terrace to create an immense barrierless area. Wrapping around to the bow, we come to a whirlpool tub made entirely of glass and a sunbathing area equipped with every comfort.
