## > ABOUT

The Princess F62 embodies the scrupulousness of design and all the advantages of advanced technology. Thanks to this, we were able to implement in it those functions that are usually inherent in yachts of significantly larger sizes. On its flybridge, you can relax in the dining area or sunbathe aft, and the unique rounded seating area on the bow easily turns into an additional sunbathing area. A wide open deck with tanks and a hydraulic bathing platform as standard make this yacht an unusual and intriguing novelty in the Flybridge model range.

Side windows are installed along the entire length of the spacious lounge on the main deck. The spacious galley is located aft of the yacht and has access to the cockpit. The control room is located on the starboard side. A chair facing the bow of the yacht is provided for guests. Three beautifully furnished cabins with private bathrooms on the lower deck are designed for six people and are illuminated by natural light through elegant portholes. An additional cabin can be equipped aft for guests or crew members.

### KEY FEATURES:
