YACHTS FOR SALE

> ABOUT

Nord Star Superyachts is glad to present the new Sirena 58. The motor yacht was launched in August 2024.

The Sirena 58 is a yacht that delivers a refined experience for owners that understand what they want. The design has a timeless look, with clean, shippy lines, and offers efficient performance at a range of speeds that add cruising versatility — go for an afternoon, a weekend, or a week. The seakindly ride and comfort features will make even the most sophisticated guests want to spend more time aboard, enjoying the fine craftsmanship and amenities as they cruise from port to anchorage.

The volume of the hull is quite large for her LOA, and lets the yard use the available space to create a more open layout than is common on a boat of this size, with lines of sight and headroom to reflect that of a much larger yacht. The result is a combination of clean lines and airy spaces that helps to focus the mind and as it relaxes the body.

The luxurious amidships master uses the full beam for excellent space and ample stowage, while natural veneers, high-quality fittings, and fine fabrics complement world-class craftsmanship and design. Large exterior deck spaces on the foredeck and flying bridge allow for friends and family to gather freely to enjoy panoramic views and cooling sea breezes.

Please contact us to receive the detailed specification and to book an inspection.

KEY FEATURES:

- 3 guest cabins
- VAT not paid
- GRP hull
