## > ABOUT

Baglietto, a pioneer in the field of luxury yacht construction, recently unveiled its latest masterpiece at a press conference in Milan: the Observation Yacht X50, a 50-meter superyacht that embodies a new way of exploring, experiencing and observing the marine horizons.

The Baglietto X50 is a striking 50-metre hybrid yacht concept, combining muscular exterior lines with eco-conscious innovation. Designed by Francesco Paszkowski, she offers expansive outdoor spaces, a versatile beach club and panoramic interiors filled with natural light. With hybrid propulsion, the X50 balances performance with reduced environmental impact, representing Baglietto's forward-looking approach to luxury yachting. The X50 superyacht is designed for transoceanic crossings with a robust and sharp hull, ensuring easy rope management and crew maneuvers even in extreme weather conditions. Safety is also a priority, with generous storage space for large tenders suitable for sailing in rough seas.
