ABOUT

The 2015 Fairline Squadron 60 is a true expression of British yacht craftsmanship and one of the most compelling opportunities in the premium motor yacht market. Having already passed the steepest stage of depreciation, she offers flagship levels of luxury, performance, and refinement while representing exceptional value on the brokerage market.

Every aspect of this yacht has been thoughtfully designed for effortless life on the water. The expansive flybridge, complete with a wet bar and generous sunbathing area, serves as a true open-air lounge, while the light-filled saloon with panoramic glazing and three beautifully appointed cabins provide outstanding comfort and privacy for both family and guests.

Beneath her elegant exterior lies Fairline's renowned deep-V hull, designed by the legendary Bernard Olesinski. Celebrated for its exceptional seakeeping abilities, it delivers a remarkably smooth ride, outstanding stability, and refined handling across a wide range of sea conditions.

Presented in exceptional condition, this Squadron 60 benefits from a transparent service history and is fully prepared for her next owner. A hydraulic bathing platform, generator, watermaker, and fully integrated air-conditioning system ensure every voyage is as comfortable and effortless as possible.

This is the perfect yacht for a discerning owner seeking genuine prestige, uncompromising comfort, and proven engineering, while making a rational and rewarding investment in one of Fairline's most respected models.

We invite you to arrange a private viewing and sea trial to experience first-hand the confidence, precision, and effortless performance that define the exceptional character of the Fairline Squadron 60.
