\$ 589 000

VAT

ABOUT

The 2019 Galeon 420 Flybridge is the shipyard's undisputed bestseller, delivering the comfort and amenities of a 50-foot motor yacht within a remarkably compact 13-metre hull. Having already passed the steepest stage of depreciation, it represents one of the smartest investments available on today's pre-owned yacht market.

At the heart of the 420 Flybridge is its revolutionary flybridge design. The expansive upper deck comfortably accommodates a generous lounge area, a fully equipped helm station, and an optional BBQ centre, creating a true open-air living room with panoramic views.

Step inside and you are welcomed by an interior that feels exceptionally spacious and filled with natural light. Galeon's signature hull-side panoramic windows flood the saloon with sunshine, while the intelligently designed three-cabin layout offers a sense of volume that far exceeds what you would expect from a yacht of this size.

Underway, the yacht's advanced hull design truly comes into its own. Galeon's patented FDS (Fuel Displacement System), combined with Volvo Penta IPS propulsion and joystick control, delivers outstanding directional stability, a remarkably soft ride in challenging sea conditions, and fuel savings of up to 20%, while making docking effortless—even when handled single-handedly.

At anchor, the cockpit seamlessly connects with the saloon via the hydraulic bathing platform, creating one expansive indoor-outdoor entertainment area that is perfect for relaxing with family and guests.

Technically and aesthetically, this yacht remains as relevant today as ever. With its modern design, proven engineering, and enduring popularity, the Galeon 420 Flybridge continues to be one of the most sought-after and highly liquid models on the brokerage market.

The Galeon 420 Flybridge offers uncompromising luxury on the water without unnecessary expense or hidden compromises.

We invite you to arrange a private viewing and sea trial to experience first-hand why so many Galeon owners never look back once they have taken the helm.
